# 94th JPEG virtual meeting calling notice

Due to COVID-19 situation, the 94th JPEG meeting will be organized online from 17 to 21 January 2022. The time zones of main meetings (JPEG plenary, subgroups plenaries, meetings requiring input and opinion from many experts) will be organized at time zones following guidelines from JTC1 Standing Document 19 and ISO/TMB as well as IEC/SMB Meeting Guidelines as communicated recently. All sessions will be organized by rotating the time zones of plenary sessions while at the same time finding suitable times for all potential participants without favouring a time zone from the same region of the world in consecutive meetings

All sessions will be announced in advance in order to allow experts interested in participation to plan ahead. Information regarding each session will include session name, date, time (in Coordinated Universal Time - UTC), duration, chair name and contact email, objectives/activities, input and output documents, agenda and access instructions.

A first draft of the above schedule will be communicated by email to experts several days prior to the virtual meeting subject to updates until the Friday prior to the JPEG meeting week. Any further changes during the meeting will be only possible upon approval at the JPEG plenary meeting.

## 1. Registration

Registration to the online meeting is mandatory for all participants. Use the following URL to register:

<https://sd.iso.org/meetings/66382>

## 2. Draft agenda

The draft agenda of the meeting is available on JPEG document repository under WG1N100006.

The draft agenda will be gradually updated and regularly distributed to the mailing list until a final draft on the last Friday prior to the meeting.
